Managerial Roles Case Study Presentation

Instructions

Overview:

Managers play a vital role in shaping workplace culture, guiding teams, and achieving organizational goals. But for Christian leaders, management is more than just strategic execution—it's about stewarding people, resources, and influence in a way that honors God.

In this assignment, you will explore the real-world application of management theory by analyzing a real or fictional manager's responsibilities using concepts from **Chapter 1 of the *Principles of Management* textbook** and **a biblical lens on leadership and stewardship**.

Assignment Instructions:

1. **Read Chapter 1** of the *Principles of Management* textbook provided in the course materials. Focus especially on:
    - The four functions of management: planning, organizing, leading, and controlling
    - Types of managers (top, functional, team, general, line, staff, project)
    - Mintzberg's 10 managerial roles
    - The traditional vs. contemporary views of managerial responsibility
2. **Choose a case study subject**:
    - This may be a real person (a business leader, manager, or public figure) or even your own work experience.
    - Ensure your subject's role includes a variety of management responsibilities that can be evaluated through a biblical and ethical lens.
3. **Create a 5–7 minute video presentation** that includes:
    - A brief introduction of the manager and their context

- An analysis of **at least three** of Mintzberg's 10 roles that the manager demonstrates
- A discussion of whether their management style reflects a **traditional or contemporary** model
- An evaluation of how effectively they perform the four basic **management functions**
- A **faith integration section**: Reflect on how the manager's behavior aligns or contrasts with **biblical principles of leadership and stewardship** (such as Proverbs 11, Micah 6:8, or Colossians 3:23). Consider:
    - Do they lead with integrity, humility, and justice?
    - How might Christian values shape the way we manage others?
    - What does it mean to be a *servant leader* in a business context?
    - **Submit your presentation** as a recorded video file or Recorded Zoom file
